About the Grades Tool

The Grades tool allows you to view your grade for the course. The Grades page details all marked assignments and [quizzes](#), and can include statistical information about each.

[Back to Top](#)

Access Grades

To access Grades, select the Grades link from the main **Course Home** page.

[Back to Top](#)

What do all of the columns mean?

Grade Item name refers to the Assignment or Item's Name that has been graded.

Points shows your score over the total points possible for the Item.

Weight Achieved is based on your Points score and how much that Item is worth with respect to the Category and Semester Final Grade.

Grade is the calculated percentage grade based on the Assignment's Out Of score.

Comments may be posted by the instructor regarding your Assignment or Item.

Note: All of these columns will only be shown if your instructor has enabled these to be seen by students.

Grades		
Grades
